Tuck School of Business at Dartmouth

Entrepreneurship Initiative MBA Fellows

The Entrepreneurship Initiative (EI) at Tuck:

The Entrepreneurship Initiative (EI) supports student entrepreneurship through the creation and coordination of programs, activities and events designed to achieve the following goals:

Connect entrepreneurially oriented students, alumni, faculty and the wider Dartmouth community

Evolve Tuck's entrepreneurship offering through the collection and incorporation of feedback and key performance indicators into the planning and execution processes

Expose students to available resources and current issues facing entrepreneurs

Inspire by fostering a culture that welcomes and celebrates entrepreneurship

Integrate entrepreneurial resources within Tuck and across campus through collaboration and nurturing of Dartmouth's entrepreneurial ecosystem

Support students with services and programs that complement and supplement their academic instruction on entrepreneurship

The EI works towards these objectives in association with DEN (Dartmouth Entrepreneurial Network), Tuck's Center for Private Equity and Entrepreneurship and Tuck's student-run Entrepreneurship Club, while reaching out to local and community partners.

The Entrepreneurship Initiative Fellows are selected each year to both participate and lead programs aligned with the Initiative's goals. The program is open to 1st year Tuck MBA candidates currently participating in the Entrepreneurship Club and, on a case by case basis, to a limited number of students from other Dartmouth programs. Fellows' expectations are defined below.

Expectations for Fellows:

- Propose and execute a personal project (see 'To Apply') during the tenure of the fellowship, to positively impact the entrepreneurial ecosystem at Tuck and Dartmouth. The project should:
  - Align with students perceived/demonstrated interests and needs in eship
  - Not be redundant with current offerings
  - Significantly enhance an aspect of the Tuck eship experience
  - Be a fit with the applicant's skills and interests
- Work collaboratively with the student-run Eship Club and similar groups across campus
- Participate in EI events and advise the Initiative's staff on what interests students
- Host guests recruited by the Initiative for events and supported courses and activities
- Help market and run Dartmouth Ventures conferences and other Initiative-related events.
- Help create content for the Initiative's digital resources (e.g. blogging)
- Represent the Initiative to fellow students, faculty and community, visitors, alumni and donors

To apply: Email (1) a one-page cover letter suggesting and outlining a specific project of interest that you will lead during your tenure as EI Fellow (be as specific an detailed as possible) and (2) resume to Geoff.Gunning@tuck.dartmouth.edu by 2/8 at 11:59pm. Please email with any questions.
