

a partnership
to do more, to be more

Tuck Associates Corporate Partner Program

Open the way to wide-ranging
participation in the life of our school ...

Top executives and academics develop insight and best practices at conferences organized by our research centers.

Tuck's Allwin Initiative for Corporate Citizenship promotes social responsibility and sustainability as critical to business success.

Our faculty seek to connect their research with firms and develop mutual understanding of business challenges.

A partnership with one of the world's great business schools

can further your organization's mission and enrich the management

experience of your leaders. Engage with Tuck School of Business at

Dartmouth to develop strategic relationships, discover new insight,

and gain immediate access to talent that will lead you into the future.

Custom programs

developed by Tuck Executive Education help corporations foster innovation within their organizations.

Student-run events

bring together future business leaders who share values and career aspirations.

Tuck Global Consultancy

projects and career treks lead more than half of our students to interact with businesses overseas.

Priority access to innovation

As a Tuck Associate, you connect to the heart of the school. Dialogue, collaboration, and face-to-face contact with a faculty focused on innovation can help you discover new perspectives and the path to organizational renewal.

Maximum exposure to the future

Tuck Associates become visible members of our future-facing community. Corporate presentations and involvement with student events and clubs can lead you to meaningful interaction with the students who care about what you care about.

Streamlined encounters with leaders

Tuck Associates have early access to our recruiting calendar as well as the personal attention of our career development professionals, who are mindful of your company's leadership requirements.

Gateway to everything

Tuck shares the unlimited scope and academic excellence of Dartmouth College, and Tuck Associates may become involved in educational initiatives like those we've established with the college's other professional schools in health care, energy, and entrepreneurship.

Tuck Associates Corporate Partner Program

Established in 1964, the Tuck Associates Corporate Partner Program recognizes corporations and foundations that provide financial support of at least \$5,000 annually.

Gifts to the Tuck Associates program help fund activities that advance Tuck's mission and allow us to educate students of the caliber our partners seek. Gifts may also be used to endow specific activities, giving donors a permanent presence at the school.

Tuck School of Business at Dartmouth

Tuck opened its doors in 1900 as the first graduate school of management and has been consistently recognized as a leader ever since. The school has emerged as a unique force in business education, one of a handful that set the pace for others. Our graduates are sought by organizations around the globe.
