

MBA EMPLOYMENT REPORT

TUCK SCHOOL OF BUSINESS
AT DARTMOUTH
2019

MESSAGE FROM THE EXECUTIVE DIRECTOR

A Tuck education is transformative in many ways—from the transformative impact our graduates have on organizations and broader society to the way the experience transforms our students' lives and careers.

The record-breaking employment results of the class of 2019 are a powerful example of the latter. Ninety-eight percent of Tuck's newest graduates received job offers within three months of graduating, nearing our all-time record of 99 percent offers for the same time frame. Just as inspiring is the record-high compensation they received. Median total compensation for our 2019 graduates soared to \$170,000, from \$155,000 a year prior, with the mean first-year base salary and signing bonus totaling \$169,947.

A tremendous amount of effort goes into these numbers, and I am proud of the role our Career Services team plays in this success, as well as the distinctive approach we bring to supporting every MBA student as they take the next step in their career journey.

Our career advisers are industry experts, many of whom have worked at the same leading organizations our students seek to join. The generous size of our advising team ensures we have the time and ability to get to know each student individually and to work with them side by side. A new and noteworthy addition to this team in the last year is Laura Mogilner T'08. As Tuck's first dedicated West Coast career adviser, Laura works with students interested in the tech industry from her home base in San Francisco and connects them with Tuck's strong network of Bay Area alumni and recruiters.

In addition to building relationships with students, our team also maintains and cultivates collaborative relationships with the world's most desirable MBA employers. As industry trends and student preferences evolve, we continually work to grow this list and provide students with the most rewarding opportunities.

Finally, we are fortunate at Tuck to have the world's most responsive and loyal alumni network. Our graduates are extraordinarily accomplished and deeply invested in our students' success, helping Tuck MBAs learn about—and gain entry into—their fields and their companies.

Indeed, when these elements come together, it is no surprise that our students achieve such great success in recruiting. Tuck's mission of developing wise, decisive leaders who better the world through business is one our team takes to heart, and I look forward to seeing the impact our talented 2019 graduates will have on the world in the years to come.

Sincerely,

A handwritten signature in black ink that reads "Stephen Pidgeon".

As part of TuckGO, Tuck's global learning program, all students must take an experiential learning course in a country that is new to them.

Values are excluded where the sample size is too small. Values that are greater than 0 but less than 1 are rounded to show presence. Totals may not add to 100 due to rounding.

City names listed include the surrounding metropolitan areas.

All data as of October 2019.
